

Workshop of the Speech Communication and Signal Processing Lab.  
Journées du Laboratoire de Communication Parlée et de Traitement des Signaux  
December 05, 2016, LCPTS, FEI, U.S.T.H.B

[www.lcpts.usthb.dz](http://www.lcpts.usthb.dz)

### Honorary Chairs

Prof. M. Saidi (University Chancellor)  
Prof Z. Ali-mazighi (Faculty Dean)

### General Chair

Prof. Boudraa Bachir (General chair and Director)

### Organising Chair

Prof. Sayoud Halim (Organising committee chair)

### TPC Chair

Prof. Houacine Amrane (Scientific committee chair)

### Organising committee

- D. Addou
- A. Archi
- N. Boudia
- F. Z. Chellali
- S.E.Cheraïtia
- L. Demri
- A. Djeradi
- R. Djeradi
- L. Falek
- F. Farah
- A. Halilali
- Z. Hamadache
- M. Hemis
- A. Houacine
- F. Karaoui
- S. Khenouf
- A. Krobba
- S. Mekkaoui
- T. Meksen
- H. Sayoud
- H. Teffahi
- F. Zaidi
- K. Y. Zergat

### Technical Program Committee

- Dr Addou Djamel
- Pr Amrouche Abderrahmane
- Pr Boudraa Bachir
- Pr Boudraa Malika
- Pr Bouzid Merouane
- Dr Chelali Fatma Zohra
- Pr Djeradi Amar
- Dr Djeradi Rachida
- Pr Debyeche Mohamed
- Dr Droua Hamdani Ghania
- Pr Falek Leila
- Pr Houacine Amrane
- Pr Mekaoui Slimane
- Dr Merazi Meksen Thouraya
- Pr Ouamour-Sayoud Siham
- Pr Sayoud Halim
- Pr Selouani Sid Ahmed
- Pr Teffahi Hocine

## Call for Papers

The laboratory of Speech Communication and Signal Processing (LCPTS), of the Faculty of Electronics and Informatics (FEI) of the USTHB, organises the Lab. Workshop LCPTS'2016 on December 05, 2016.

This day is dedicated to all the research staff of the six research teams (Teachers and PhD Students), and aims to present the research works developed at the LCPTS, through oral and poster communications.

Some plenary sessions are also expected to be presented by well recognised researchers in the field of Speech Communication and Signal Processing.

### Topics (not exclusively)

- Speech recognition
- Embedded systems for speech recognition
- Speech databases
- Speech pathology
- Speaker recognition
- Visual detection
- Documents analysis and processing
- Natural language processing
- Computational linguistics
- Speech synthesis
- Audio signal indexing
- Speech coding and communication
- Speaking Face synthesis
- Vision and communication with gesture
- Animated speaking clones
- Human-Computer communication
- Discourse understanding
- Specific languages: Amazigh, dialectal Arabic,...
- Augmented reality in speech
- Vision, Emotion and Sign language
- Applied signal processing & New trends

### Format & language

The English language is highly appreciated, with the format of IEEE and a size of about 2~3 pages.

### Important dates

Submission deadline: November 19, 2016

Notification of acceptance: November 26, 2016

Camera Ready: November 30, 2016

### Submissions

Submissions should be made through EasyChair :

<https://easychair.org/conferences/?conf=lcpts2016>

### Best papers

Recognition certificates will be delivered to the authors of the best papers.
